

# The Car Wheel

**Have a look out the window. You'll see different types and colours of cars!**

The wheel will tell you all the types you need to find! We'll start on the red ring. Once you have crossed all of those off you can move on to the blue ring.

Then once you have crossed all of them off we are going to give you a challenge! Can you spot an RAC van to cross off the centre? If you see one then shout BULLSEYE and you are the winner!
